I have worked in the general departments of medicine & surgery and also in the ear, nose throat departments of the Victoria Hospital. Bangalore.

I have worked for about a year in the Minto Opthalmic Hospital as an asst. Surgeon and for some time acted as

SIR,

Subject - Application of Dr. S. Raju Iyengar, L.M.& S., L.R.C.P. & S., etc., Chief Medical Inspector of Schools, Bangalore for Emergency Commission in the Indian Medical Service.

A With reference to your letter No.W.1400 dated 20th December 1943 enquiring whether in case Dr. Raju Iyengar is selected, his services could be spared without prejudice to his work in the Department, I have the honour to state that Dr. Raju Iyengar was given special training in Great Britain in Children's deceases with special reference to medical inspection of school children. In view of his experience as Chief Medical Inspector of Schools in the State, he cannot be easily replaced particularly when the Medical Department is said to be greatly depleted of specialists owing to officers having gone on War Service. But in view of Dr. Raju Iyengar's dis-satisfaction with his salary in the Department, it was considered unfair to him to withhold his application. In his letter dated 22nd Decr. 1943 Dr. Raju Iyengar has now offered to withdraw his application if he is given better prospects in the Department. A recommendation in that matter has been submitted

to Government separately in this office letter No. A1.-1832-117/43-44 dated 4th Feb. 1944.

A copy of the letter from Dr. Raju Iyengar is enclosed herein with for perusal.

I have the honour to be,

S i r,

Your most obedient servant,

DIRECTOR.

AKM.

Copy of D.O. dated 22-12-43 from Dr. S. R. Iyengar, Chief Medical Inspector of Schools, Bangalore to the Director of Public Instruction in Mysore, Bangalore.

Sir,

In continuation of my personal interview with you, I beg to submit the following for your kind and favourable consideration.

As a loyal subject, I have offerred myself for the service of my country and countryman, defending us, provided it is needed by the authorities, having regard to my experience and qualification. From the experience of my colleagues who have so far volunteered, I find that the final selection takes at least 5-6 months if not more, the selection itself being dependant on the Medical Board's opinion regarding the eligibility for military service overseas and also the rank they are prepared to offer. There is no binding till t the actual contract is signed after all these preliminaries a are over.

But I shall only be too pleased to withdraw my offer which I can do at any moment, if I should get a chance of improving my prospects here alone and work for my fellow beings and as such I pray to you to recommend my memorial for an improvement in my position. In this connection, I wish to submit that in the Medial Department they have recently started a specialists cadre (specialist being defined, as one who could not be transferred, because of the training) on Rs. 400-50/2-750 and my friend Dr. P. Krishna Rao has already got it, in addition to his allowances etc., and the case of others is under consideration.

In conclusion, sir, I pray for kind and favourable consideration of my case.
